Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data isbeing transferred between your computer or phone and our servers, then from our servers to your friends device. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send largefiles to your friends. You can upload any type of file (movies, music, documents, images, zip files and more). We have no file size limit. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. File is free to use with no gotchas and no hidden fees. Just uploadthe file you want to share with your friends and we send you a download link to your file. You can give this download link to your friends by mail or instantmessenger. You don't need any special software installed to be able to download your files. Simply upload your file and share the link. Keep your files private,or send your download links only to friends or family. It is also allowed to link to the download page from websites and communities. So try our free andsimple filehosting service now. You decide who you want to share your files with. Unfortunately, we can't make that part free. Our service is completely freefor everyone. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. Files can be downloaded from any computer from our high speed servers. If only we could, wesurely would! On the other hand, using file can actually save you money.
