Our library is the biggest of these that have literally hundreds of thousands of different products represented.

## Book Descriptions:

# bosch maxx 5 manual download

All utilised packaging materials are ecologically harmless and recyclable. Please contribute to a better environment by disposing of packaging materials in an environmentally conscious manner.

Hints and tips Using your washer dryer in an efficient and environmentally friendly manner

- Take advantage of recommended load quantity. Do not leave children unsupervised near the washer dryer.
- Dispenser II Detergent for main wash, soaking agent, water softener, bleach or stain remover.
- Dispenser 2 Additives, e.g. fabric softener or former do not fill above the lower edge of the insert 1.

A rinse cycle is automatically run. Increases in time occur because of additional rinse cycle if excessive foam is in the laundry, multiple spinning if the laundry is distributed poorly in the drum, increased heating times, e.g. when the water is too cold, water pressure too low, selection of an additional option, e.g. To remove any water left over from testing procedures, the first washing cycle should be carried out without laundry in the machine. Overdrying may cause excessive creasing. First dab with a soapy solution. Do not rub. Then select the appropriate programme and wash the item. Only wash laundry that is labelled with the Sorting laundry according to the instructions on the. Loading the laundry Items of clothing that have been pretreated with solvent based cleaning agents, e.g. stain remover and dry cleaning spirit, represent an explosion hazard once loaded into the washer dryer. Before loading the laundry, rinse thoroughly by hand. Attention Foreign objects in the drum may damage the laundry. Dosing detergent Keep detergents and additives out of the reach of children. Dose detergent according to the water hardness. You can find out the water hardness from your water utility company. Dispenser 2 Cleaning product, e.g. fabric softener or fabric conditioner do not fill above the lower edge of the insert
